

Don't let the IRS get your money!! A life free of IRS hassles . . .

New manual provides advice on setting up your home-based business and accounting systems. It also includes hints and tactics for minimizing tax dollars, protecting your wealth, and avoiding IRS scrutiny.

Well-written and easy to follow with worksheets and clear directions. A "must have" for any small or start-up business. Special topics include cash-intensive businesses, banking laws and other information for at-home workers.

To order, send \$12 check or money order to the address below. Add \$5.00 for priority handling (*sorry, priority not available for checks*).
