THE FAST 2-UP MONTHLY RESIDUAL INCOME SYSTEM

(All you need is 4 people) - you keep the 1st and 3rd, you pass up 2nd and 4th to your upline. That's OK! Your members roll-up their 2nd and 4th to YOU and all your roll-ups, roll-up their 2nd and 4th to YOU!

You keep ALL your new members beginning with the 5th 6th 7th through INFINITY!

*** WE WILL EVEN GET MEMBERS FOR YOU!**

Residual income by getting paid \$25 Every Month from all members in your paylines.

The Power of 4 - Lets say that everyone gets 4 people their first week and duplicates...

Week 1 - You get your 4, you pass 2 of them to your upline - You keep 2. So $2 \times \$25 = \50
Week 2 - Your 2 get their 4 and 2 are passed up to you for a total of 4. So $4 \times \$25 = \100
Week 3 - Your 4 get their 4 and 2 are passed up to you for a total of 8. So $8 \times \$25 = \200
Week 4 - Your 8 get their 4 and 2 are passed up to you for a total of 16. So $16 \times \$25 = \400
Week 5 - Your 16 get their 4. And 2 are passed up to you for a total of 32. So $32 \times \$25 = \800
Week 6 - Your 32 get their 4. And 2 are passed up to you for a total of 64. So $64 \times \$25 = \1600

YOUR TOTAL IN 6 WEEKS = \$3,150 PER MONTH.

Let's skip to Week 9 (see chart) Your 512 get their 4. Of course 2 each are passed up to you for a total of 1024. Week 10, So $1024 \times \$25 = \$25,600$ Add to that the above total and your earning nearly **\$30,000 per month**. There is your mathematical "proof" it will work if everyone gets 4 people in their first week. We both know that's not going to happen for everyone. So, lets say it takes everyone a month to get their 4 people. Change the Week on the Chart to Month. Look at the monthly income the 12th month. Everyone must get 4 people to make this work. So what, if it takes you longer to get your 4? It will just take you longer. . . . →
